

TechNet-21

The Technical Network for
Strengthening Immunization Services

Agenda

Agenda:

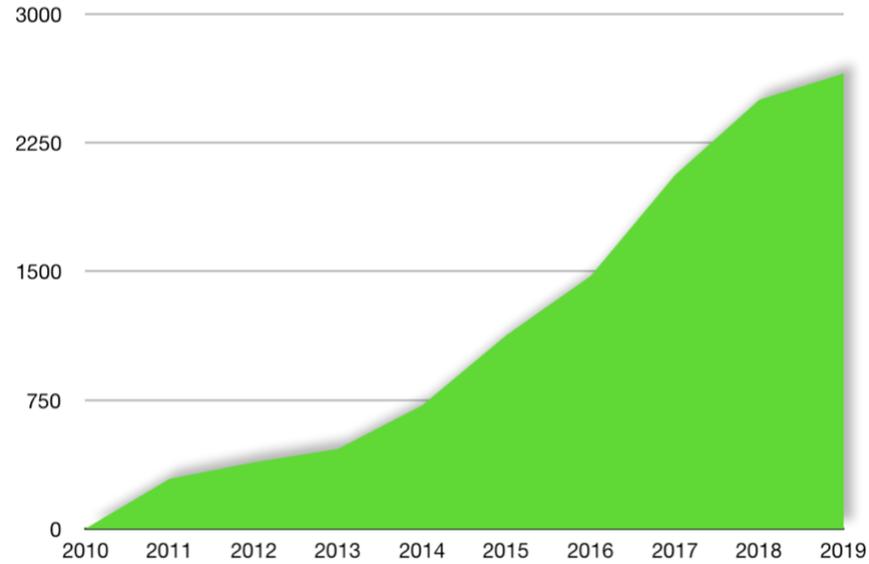

- What is TechNet-21? (Dan Brigden)
- Live demo of CCE area (Dan Brigden)
- Update on new WHO PQS website (Gemma Huckerby)
- Q&A

What is TechNet-21?

TechNet-21 is a global network of immunization professionals committed to strengthening immunization services by sharing experiences, coordinating activities, and helping to formulate optimal policies. Our members come from every corner of the world.

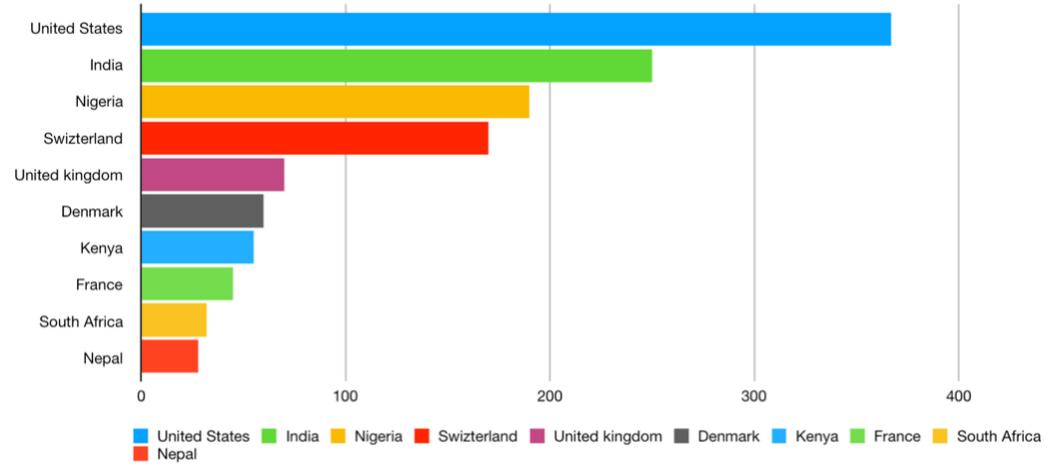

TechNet-21 is managed by the World Health Organization and is provided as a free service to the global immunization community, with the support of the Bill and Melinda Gates Foundation.

TechNet Conference

Vaccines and delivery technologies

All topics related to vaccine products, presentation and packaging; also includes temperature indicators such as vaccine vial monitors (VVMs) and vaccine delivery devices.

188 discussions · 0 subcategories ·  RSS feed

Cold chain equipment

All topics related to equipment used to support the immunization cold chain, such as refrigerators, freezers, insulated containers, water-packs, and temperature monitoring devices; covers equipment selection, procurement, installation, repair, maintenance and performance.

281 discussions · 0 subcategories ·  RSS feed

Supply chain and logistics

All topics related to immunization supply chain and logistics, including vaccine forecasting and supply planning, distribution systems, vaccine management, vaccine wastage, and waste management.

393 discussions · 0 subcategories ·  RSS feed

Service delivery

All topics related to the delivery of immunization services, including routine and campaign delivery services as well as injection safety.

480 discussions · 0 subcategories ·  RSS feed

Immunization information systems & coverage monitoring

All topics related to information systems used to support immunization programmes, including electronic immunization registries, logistics management information systems (LMIS), geographic information systems (GIS), integrated health management information systems, and immunization coverage monitoring (administrative and survey data).

204 discussions · 0 subcategories ·  RSS feed

Programme management

All topics related to immunization programme management, including planning, budgeting, financing, performance monitoring, and human resources.

153 discussions · 0 subcategories ·  RSS feed

Global initiatives

All topics related to global immunization initiatives, including advocacy and communications, awareness-raising, and global strategies.

123 discussions · 0 subcategories ·  RSS feed

www.who.int is the official website of WHO. All official WHO publications are published on the WHO website.

http://apps.who.int/immunization_standards/vaccine_quality/pqs_catalogue is the official website of the WHO Performance, Quality and Safety (PQS) Catalogue for immunization equipment.

www.technet-21.org is separate from – and is not a replacement for – the WHO website and WHO PQS website.

PQS CCE area on TechNet-21

Everything you need to know about specific WHO PQS-prequalified products including installation and maintenance guides, training resources, brochures, videos, photos, as well as product feedback from TechNet members.

- PQS products only
- Includes all PQS products in E003, E004, E005 and E006
- Uses publicly-available PQS product data from PQS datasheets
- Is NOT directly connected to PQS database (may become out of date)
- All resources for products (instruction guides, etc.) are crowdsourced

Immunization cold chain equipment (CCE)

Everything you need to know about specific WHO PQS-prequalified products including installation and maintenance guides, training resources, brochures, videos, photos, as well as product feedback from TechNet members. Find a product using the search below, or else explore categories of products. Additional resources for cold chain equipment can be found in the TechNet Document Library.

Vestfrost Solutions VLS 054A SDD Green line

PQS Code: E003/106
Prequalified: 02-10-2019

Vestfrost Solutions VLS 094A SDD Greenline

PQS Code: E003/107
Prequalified: 02-10-2019

Vestfrost Solutions VLS 154A SDD Greenline

PQS Code: E003/108
Prequalified: 02-10-2019

Live demo

How to:

- Find information on products in PQS categories
- Find resources for categories of product
- Add a resource
- Add feedback
- Manage product pages (for PQS manufacturers)

Thank you
